Description

For sale via secure sale online bidding - terms and conditions apply.

This prominent corner retail property occupies a highly visible roadside position with extensive frontage and strong passing traffic, making it an excellent commercial investment, redevelopment, or owner-occupier opportunity. Formerly occupied by William Hill, the property benefits from an established commercial presence and strong local recognition within the area.

The single-storey premises feature a wide glazed frontage, modern fascia signage, and exceptional visibility from multiple approaches, providing excellent exposure for a wide range of businesses. Internally, the accommodation offers flexible open-plan space with substantial frontage and access points, making it suitable for retail, leisure, office, medical, convenience, or service-based uses (subject to the necessary consents).

Importantly, the property offers significant asset management and redevelopment potential, having previously been configured as five individual retail units. The layout and frontage lend themselves well to subdivision, creating the opportunity for multiple income-producing units or a mixed-use commercial scheme, subject to planning and configuration requirements.

Situated within an established mixed-use location surrounded by residential housing and local amenities, the property benefits from regular footfall, convenient roadside access, and strong community presence.
